Diamond bags

Diamond bags are often used as gift packaging. For example, fruit baskets, flower arrangements, and beverage packages. The bags are also used for packaging large chocolate figures. Reinforce the bottom with a cardboard disc. The gold or silver discs give the gift a luxurious look.

Diamond bags

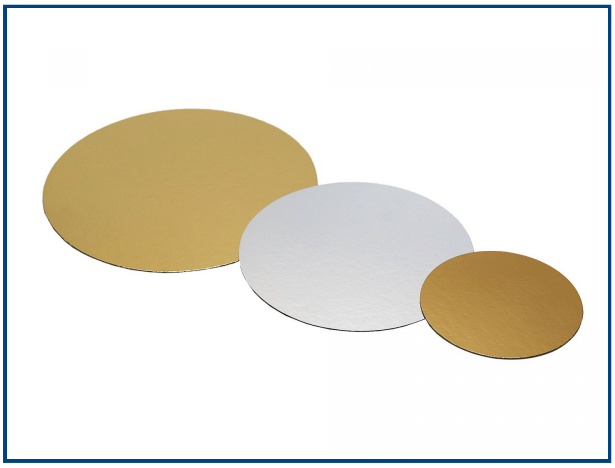

Diamond bags are PP side gusset bags with a double side gusset. This type of side gusset bag is often used for gift packaging, such as fruit baskets, flower arrangements, and large chocolate figures.
