

Diamond bags

Diamond bags are often used as gift packaging. For example, fruit packages, flower arrangements and beverage packages. The bags are also used for packing large chocolate figures. You can reinforce the bottom with a cardboard disc. The gold or silver discs give the gift a luxurious look.

Diamond bags

Diamond bags are PP side-gusset bags with a double side-gusset. This type of side-gusset bag is often used to make gift packaging for fruit, flower arrangements, large chocolate figures, etc.
