

Flat bags

We have flat bags with side seals and flat bags with a backseal. Flat bags are often used for packaging flat products such as cookies, bars and other food. The flat bags can also be used for the packaging of, for example, cards or brochures.

Flat bags side seal

Flat bags of clear OPP in a thickness of 30my. Flat bags with side seals ensure a good presentation because no seal seams are visible.

Article number	Description	Packed per
3233	PP flat bag 80 x 170 mm 30my	1000
3232	PP flat bag 100 x 150 mm 30my	1000
3235	PP flat bag 110 x 200 mm 30my	1000
D299101	PP flat bag 160 x 380 mm 30my	1000
